

Long Mountain near Oconee State Park

Long Mountain (2,080 ft) 1 mile north of Oconee State Park, SC.

Directions to Trailhead Drive north 0.5 miles on SC 107 from Oconee State Park. Bear right onto gravel road. After 1 mile bear right onto a short gravel road at the gate and park off to the side.

Trail Summary: From the gate walk east down short gravel road going around guard rail. Almost immediately bear left (north) onto the Foothills Trail. The trail ascends 200+ feet in 0.5 miles along the wooded north slope of Long Mountain. Bear a hard left onto a trail that intersects from the left. Keep your eyes open - this trail is easy to miss. Shortly after the trails climbs out of the woods onto an access road. The summit is off to left at the top of a grassy slope at the base of a fire tower. As of June 2011 the tower was closed and fenced off. To complete the loop, descend from the summit bearing right (south) onto the gravel access road to your starting point at the gate.
